EXECUTIVE SUMMARY

I am a student with a great passion for code and a goal to secure a career with a reputable company to hone my skill sets and be able to expand my current knowledge while also making a significant contribution to the success of the organization. I specialize in Front-End Development in both web and mobile platforms with skills accumulated from both curricular and extra-curricular experiences. I'm also a result-driven individual who learns quickly and constantly performs critical thinking, problem solving and being able to collaboratively work with a group of diverse individuals.

EDUCATION

Bachelor of Computer and Information Sciences

Auckland University of Technology | 2019 - 2022

- 7.8 / 9.0 GPA
- Doing a double major in Software Development and Computer Sciences

PROJECTS

Loocate

- A Toilet Locator app written in JavaScript using React Native, Firebase and various Google API's

WDCC X UADS App

- A group project I joined in WDCC (Web Development Consulting Club) at UoA where we create a platform for UADS (University of Auckland Dessert Society) members to buy desserts and sign up for memberships.
- Made with React Native, TypeScript, NativeBase, StoryBook, Firebase, MongoDB

VOLUNTEER WORK

AUT Student Ambassador

Auckland University of Technology | 2021 - Present

- Being a Student Ambassador for AUT involved facilitating the transition of new students at AUT and increasing student retention to provide a more positive experience for first-year students. It also involved volunteering for other AUT student events throughout the year.

WORK EXPERIENCE

Customer and Admin Assistant

Ascent Roofing | Oct 2020 - March 2021

- My responsibilities at Ascent Roofing involved constantly handling customers through calls and emails, generating reports and frequently preparing and maintaining invoices.

Bakery Assistant

PaknSave | July 2019 - July 2020
